PRODUCT MATERIALS:

Teak (FSC® recycled):

Teak is very solid and durable making it suitable for outdoor furniture. It has a polished finish which comes from the natural oils in the wood. The recycled teak used in this furniture has been certified by the Forest Stewardship Council (FSC) as being sourced from legal and sustainable sources.

CARE INSTRUCTIONS:

Teak (FSC® recycled):

Teak does not require any oiling for maintenance. Teak will take about 6-8 months to fade to a silver patina. Clean using mild soapy water and a soft bristle brush. A teak sealer can be used to help maintain the original colour. Small cracks or "checking" can occur as the wood adjusts to the elements. This is not a structural defect but a natural process as the wood expands and contracts.

Covering your furniture when not in use is strongly recommended. This will protect it from the elements and increase its lifespan.
